# Skybucks – an exclusive Airlink experience

We're thrilled to announce the launch of our rewards programme, Skybucks.

Skybucks is a premium loyalty programme that embodies a classy and exclusive experience for frequent flyers when they fly on Airlink's extensive network.

Skybucks is a revenue-based model which members will find easy to both earn and spend. It is a form of payment to use on any class of travel on any Airlink flight.

Skybucks has three tiers: Blue, Red, and Emerald. Members can achieve their

tier simply by the number of sectors flown, while Skybucks points are earned as a percentage of the base fare and YQ tax on every ticket. The higher the tier, the more Skybucks will be earned on the ticket.

Spending Skybucks will be just as easy as earning them. The member can simply add accumulated Skybucks to the final payment on the ticket along with their normal payment (credit card etc), so there is no need to search for the limited redemption availability before using the points.

The tier benefits are

designed around giving real benefits to all of Airlink's valued customers:

## Blue Tier

- Less than 18 sectors flown.
- Earn up to 1% of Skybucks per amount spent on the ticket for base fare and YQ tax.

## Red Tier

- 18 flown sectors are required to reach this tier.
- Earn up to 3% of Skybucks per amount spent on the ticket for base fare and YQ tax.
- Priority check-in.
- Priority boarding.

## Emerald Tier

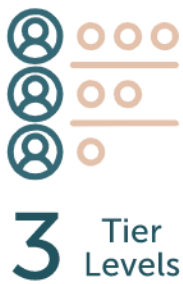

- 35 flown sectors are required to reach this tier.
- Earn up to 5% of Skybucks per amount spent on the ticket for base fare and YQ tax.
- Priority check-in.
- Priority boarding.
- Priority baggage.
- Lounge access.
- Complimentary upgrade to business class at the airport (subject to availability).
- 5kg extra baggage.

Travellers below the age of 18 cannot enrol on the portal without parent or guardian consent.

# 3 MILLION+

Airlink customers will benefit from rewards by joining **Skybucks** frequent flyer programme!

Revenue based rewards. Easy to understand, easy to transact!

The **higher** the tier, the more Skybucks to be **earned**.

1 sector = 1 flight  
A flight from JNB to CPT is 1 sector.  
The return flight is a 2nd sector.

Skybucks are earned as a percentage of the Base Fare + YQ tax on every ticket.

**Earn Skybucks on every flight.**  
Fly More. More Rewards.

Additional Benefits:
